

ADORINI HUMIDOR BASIC EBONY L

Description

The modern and functional humidor from the adorini brand from the Basic series in size L impresses with its matt ebony surface and versatility. With space for around 150 cigars or even smaller cigar boxes, it offers an ideal solution for the safe storage of your cigars. The scope of delivery includes an analog hygrometer and a passive sponge humidifier. The hygrometer measures the humidity using a metal spiral and is attached magnetically and flexibly to the lid of the humidor together with the humidifier. The humidor is also equipped with a lock to protect against unauthorized access. A vertical divider allows for additional subdivision of the interior. An additional and removable tiered stand organizes the humidor in an aesthetic and functional way.
